

# Golden Triangle Moose Tracks

## Happy New Moose Year!

It is the beginning of a new Moose Year and the Board of Officers is in place and ready to serve! *AND* all of the committee chairs have been filled except two. The 2023-24 officers are;

President: Michael Argenziano

Vice President: Herman Strauss

Chaplin: Sandy Lewis

Treasurer: Laura Anderson

One Year Trustee: Denise Fitzgerald

Two Year Trustee: Joy Morelly

Three Year Trustee: Eric McFarlin

Administrator: Rose Hiney

Please take a moment and thank these folks for stepping up and volunteering to serve on the board of officers for our lodge.

## And The Numbers Are In.

The year-end numbers have been calculated and here are the totals. Golden Triangle Moose finished the year down by 83 members with 1149 members. Our WOTM finished with 556 members, down only 4. Not bad overall, and next year will be better. The Florida Moose Association finished up by 10,293 at 155,109 members. While we don't have the national numbers yet last count on the 28<sup>th</sup> was up by 20,000. Second year in a row for a gain in membership. Good work and thanks to all members for renewing, signing up, and working to retain members.

## Ross Chastain is Back on the Track.

The Moose Fraternity and its NASCAR partner, Trackhouse Racing, publicly announced the current race schedule for 2023 while debuting the new car design to be used this year on Ross Chastain's No. 1 Chevrolet Camaro. The car will keep its red and black color scheme, but introduces the Mooseheart Red Rambler logo on its hood and door panels to focus attention on the school and campus for children in need, one of the Fraternity's primary missions.

Ross, who currently leads the NASCAR driver's standings, is set to race four times in the Moose Fraternity car: At Talladega (Ala.) Superspeedway on April 23; World Wide Technology Raceway near St. Louis on June 4; as well as Watkins Glen (N.Y.) International on August 20; and the playoff race on October 29 at Martinsville (Va.) Speedway. Moose members are sure to remember last year's races in the Moose car as Ross started the year with a victory in the No. 1 Chevrolet Camaro at the GEICO 500 at Talladega, and finished the year with the infamous "Hail Melon" wall run at Martinsville to qualify for the Championship 4 at Phoenix to end the season. The video of that move alone eclipsed more than 225 million views and the event garnered 1.2 billion impressions for Ross and the Moose. Further, the No. 1 Moose Fraternity Chevrolet from that race was the top-selling Lionel diecast car last season.

## Upcoming Events and Entertainment

## Proud Past – Bright Future

Moose International announces the Membership Campaign for 2023-2024 Moose "Proud Past, Bright Future" We are proud of the history of this great fraternity. While keeping our past

successes in mind, we look forward to the bright future with like-minded members who continue to play an important role in their local communities and supporting Mooseheart and Moosehaven for years to come. Working together, our future is bright!

## Moose Legion Committee

The Golden Triangle Moose Legion Committee has been rather dormant in the past few years, and we are looking to change that this year. Any men who are interested in getting together as Moose Legionnaires and doing more for the fraternity, please contact Michael A, [michael@gtmoose.com](mailto:michael@gtmoose.com) is best. If you are not a Moose Legionnaire, we can get you signed up, the cost is only \$18 but the rewards are priceless.

## Volunteers & Donations

Everyone has heard the call for volunteers, and it gets old after a while, but the need is always there. It is no different for Golden Triangle, we still need volunteers to help in so many areas, so please consider giving a bit of your time to help. Contact any officer or the bartender to show your interest.

Unable to volunteer? Consider a monetary donation instead. You can mail a check, drop something in the box by the door or visit [goldentrianglemoose.org](http://goldentrianglemoose.org) Every dollar helps.
